

Lindsay Fraser Safaris New Zealand

2005/2006 HUNT PRICES

New Zealand & the South Pacific

Instructions for completing NZ Tourist Firearms form:

Read these instructions. The actual firearms licence application is attached below. If you have any questions, please don't hesitate to contact me. Lindsay Fraser

This form should be completed then faxed as a pre-notification of your necessary information for issuing your Tourist Firearms Licence, on your day of arrival to New Zealand.

On arrival you will still need to show the Airport Police your passport for identification & show them the firearms you are bringing into New Zealand.

The direct dial fax number to the Auckland Airport Police Office is: 011 64 9 256 0486

If your first point of arrival to NZ is Christchurch Airport & not Auckland (say if you're flying in from Australia or Singapore) then fax the form to the CHRISTCHURCH POLICE OFFICE fax#: 011 64 3 358 6871

The cost of the Tourist Firearms Licence is NZ \$25, payable on arrival and the licence is valid for one year.

For the Gun Licence/Permit from country of origin question, if your home State does not require a firearms licence, then a State Hunting Licence is also good & bring it with you to show that you legally own firearms in your country of residence.

At Auckland Airport you will clear immigration & customs. You will be given forms to fill out on the plane prior to arrival. If you are bringing in a firearm, then declare this on the customs form. **DO NOT attempt to bring in a handgun or any military style rifles into New Zealand, as this will cause problems.** On leaving the plane, there is a Bank of New Zealand window for exchanging some US cash into NZ cash. You will need NZ cash to pay for the NZ Tourist Firearm Licence, as the Airport Police office doesn't take credit cards or foreign currency. Exchange say \$100 US which will give you plenty for the permit and food etc. while getting down to Christchurch.

If you have any questions, please do not hesitate to contact me.

Regards,

Lindsay Fraser
